## EMPLOYMENT HISTORY

### Co-Founder and President at Neighborhood United, Bronx, NY

March 2020 — Present

- Successfully led the founding and tactical growth of a start-up nonprofit through developing social solutions, intentional student recruitment and overseeing effective case management of 100+ students.
- Cultivate holistic approaches to mentoring, coaching and reducing the opportunity gap through the creation of engaging art, coding & basketball programming.
- Engage in multiple community partnerships that demonstrate a strong aptitude for organizational development, effective communication and strategic planning.
- Develop grant proposals and fundraising strategies that have helped to raise funding for new and continuing programs.
- Manage and supervise development of all staff members by conducting weekly team meetings, providing external professional development opportunities and comprehensive bi-annual review process.

### Middle School Science Director at Brilla College Prep Middle School, Bronx, NY

August 2021 — Present

- Manage the quality and execution of the science curriculum with a strong emphasis on addressing differentiation, aligning curriculum with state standards and incorporating culturally responsive pedagogy into instruction
- Help teachers execute data-driven instruction for over 300 students through the use of engaging and refined lessons and well-aligned formative assessments which led to 30% increase in student mastery
- Support and coach, as needed, school-based science content leaders to improve the quality of curriculum, instruction, and assessment
- Develop, facilitate and/or coordinate professional development related to deepening teacher and leader content knowledge within and across schools
- Design, schedule, and facilitate regular school leader meetings and development including, but not limited to- content meetings, student data analysis, school observations and debriefs, daily test preparation debriefs

### Grade Team Lead at Brilla College Prep Middle School , Bronx, NY

July 2019 — July 2021

- Lead Instructional Team meetings to support teachers with implementing best teacher management practices increasing their BOY and MOY review scores.
- Facilitate restructured weekly Grade Level meetings to foster team collaboration, analyze student data and action plan and organize team leading to increased workplace sustainability.
- Support with student behaviors by implementing restorative practices, de-escalating student interactions and coordinating with all appropriate stakeholders on sustainable academic and behavioral interventions.
- Ensured increased student placement into specialized high schools and high-school enrichment programs by holding parent meetings, guiding families through the application process and preparing students for exams/interviews.

### Master Science Teacher at Brilla College Prep Middle School, Bronx, NY

July 2018 — July 2021

- Execute data-driven instruction for 84-90 students annually
- Review/adapt 5 units of science lessons to engage all scholars in cognitive learning
- Implement curriculum development sessions for all middle school science teachers in network to revamp lessons making them more rigorous and accessible.

- Provide observation opportunities for team members seeking professional development
- Communicate effectively with all 84-90 families annually to enhance school-family partnerships, provide updates on scholar progress and supply adequate at-home resources for students not reaching benchmarks.

#### Elementary School Science Teacher at Success Academy Charter Schools, Bronx, NY

October 2016 — May 2018

- Developed strategic action plan that drove all 100+ students to mastery (85+%) on the 2017 and 2018 New York State 4th Grade Science Exam.
- Created and executed lesson plans for 6 units of instruction that met the needs of all students including 12:1:1 classrooms.
- Created and designed science homework, at-home resources and interim assessments with a focus on NGSS standards and transferable skills used across 2 network schools.
- Served as an encouraging mentor to all of my students in advisory block discussing character and relevant and present life issues.
- Communicated effectively with all families through a mix of in-person meetings and phone conversations to develop parent partnerships and provide updates on scholar progress
